# 30 Year US Treasury Bonds Futures

Contract: December 2017  
 Exchange: GLOBEX  
 Symbol: USZ17  
 Expiration Date: 21/12/2017  
 Notice Date: 30/11/2017  
 Multiplier: 1000

CURRENT KEY PRICE	POSITION FROM - QUANTITY	STRATEGY	COMMENT (if any)
161 148  December Contract 2017	<b>LONG</b> <b>152 1/32 – 1/3</b>	Stop-loss below the Key Price 149 18/32, always LONG above it and FLAT below it. If tested, we use 2/3 then.  <b>Take-Profit at 154 9/32</b> where we close the LONG position.	Please read the Weekly Report.  148 and 161 are super important levels!  We had a buy limit order at 152 1/32; the Market did a Low on Sunday night, right at 152 1/32. Probably some of you got filled, some did not. <b>We set this order days ago; we should be the firsts to see our order filled anyway.</b>  In the Screen Sharing I have opened the position a bit higher after seeing the Low at 152 2/32 of Friday. In any case, we are following the uptrend. We can even open the LONG position higher than 152 1/32, it is not a big deal.

123.250 December'17 Contract	<b>SHORT</b> <b>123.125 – 1/3</b>	We are SHORT with 1/3, after we closed in profit 1/3 at 121.550 and 1/3 at 120.100. <b>We re-open 1/3 more, SHORT, at 121.300.</b>  Strategy: Always SHORT below 123.250 and FLAT above it with a full position.	Please read the Weekly Report.  <i>I will remove soon this commodity from my trading list because I do not like it and I do not make safe profits. It is just a horrible Market in the first and last minutes, and there is no overnight session, suffering stupid gaps too often. No reason to trade it if I do not like it.</i>

We use the December 2017 Contract 1360 1285 1270 1180	<b>LONG</b> <b>1278.4 – 2/3</b>	We are LONG with 2/3, after we closed 1/3 LONG at +6 points.  Always LONG above 1275 and FLAT below it. We always use a first take-profit at +6 points when we open a full LONG position.	Please read the Weekly Report.  We were very unlucky when we closed and re-opened the LONG position yesterday, because we suffered two very wide bars right when we had the trigger to trade. Trading is also this.
